HIVGKOVG, SEPTEMBER 23RD, 1396.

Our Shanghai morning contemporary has an industrious correspondent at Canton, who makes some rather startling, and as i seems to us, reckless statements. His pet aversion clearly is the Viceroy Chang Chin-TUNG, whom he never misses a chance of attacking. His Excellency is a clever will be relieved by the 82nd Regiment from Natal, writer and may be a capable administrator; he certainly is a patriotic one; but we doubt whether he looks with a very favourable eye on foreigners or can be called their why he should be assailed in meason and out of season, at every touch and turn, incorrect statements, published about and his policy. The N. C. Daily News correspondent scome to collect all sorts of unreliable "gup" from persons adverse to the Viceroy, and retail them with all the spice of as follows :-

Chinese troops are to be trained to war in a very googomical manner, by allowing them to undertake filibustering expeditions against the French in Tonquin.

The first sentence is, we believe, destitute of the slightest foundation. The Chinese Mandarins do not love foreigners, and some of them may even indulge in a vague sort of hope that at some distant date they may be able to rid the country of the intruders. But the Government of Peking and most of the high efficials suffer no such delusions and have no such desires. They are well aware of the value of the foreign trade of China, and they are anxious to extend it and develop the resources and the revenues of not vouch for the truth of the ramour, but gives the empire. THE RELUASE OF THE !- HOK CANTON" CAPTIVES.

BATAVIA, 11th September. Immediately after the arrival of intelligence that the Hole Canton captives had reached Bukit Sebun in the neighbourhood of our lines; the Government received a telegram announcing their delivery at Kotta Rajah. The telegram runs as follows :- " Hok Canton captives surren-Fay is in good health." In a private telegram to the Batavia Handelsblad it is stated that the ransom, the amount of which is not given in the official telegram, totalled \$25,000. Regarding ment telegram differs materially from the private one, which says that both of them are seriously ill. - Their illness strikes us as not being improbable. Perhaps this might have been the reason for Tunku Umar lowering his terms. His train of thought must have been somewhat after this fashion :- If they die I shall get nothing punishment, hence, now that ther are ill. I had better as soon as possible surrender them for less ransom." We hope that

now the ransom has been paid, punishment will soon follow.—Batavia Daablad Finally a bright spot worth mentioning for once is reported from Acheen. Mrs. Hansen and John Fay have been delivered out of Tunku Umar's hands for ransom. It is now the bounden duty of our Government to render Tunka Umar harmless. Every means to gain that end must be looked upon as admissible. This marander chief continues to be a standing reproach to our authority not only in Acheen but also throughout the whole of Netherands India. If he be not now punished for his evil deeds, we run the risk of very soon seeing a repetition of the Hole Cauton and Nisero affairs. We do not ob ject to the rensoming of the Hok Canton captives, but we do hold that the owners of the steamer should be hold responsible and the amount recovered from them,"—Java Bode.

New York, 21st August: Hon. T. P. The Unionist leaders are bitterly denounced at the Tory clubs for their threatened desertion of the Ministry, and leading supporters of the Government openly state that they are in favour of standing to their guns and doing without the Inionists' aid.
